Error in creating product(s):: 1H9077 Possible Solution: Provide missing required values : [ErrorMessage=[Blank Supplier, Blank Primary Supplier]]				
11/21/2017	03:52:45 PM	QBItems_to_Skuvault Writer	Creating products...	INFO

Solution:

When you are trying to sync Items from QuickBooks to SkuVault, make sure item in QuickBooks has a supplier attached to it. Without supplier, Sku's will not create in Skuvault.

Issue 2: Unable to push Sales Orders from QuickBooks to Skuvault.

Description:

Error in creating Sales Order (s):: 366 possible solution :: provide missing required values : [ErrorMessage [SKU is required field].

11/21/2017	04:02:25 PM	QBISO_to_Skuvault Writer	Item code:null, Item Type:itemsku	INFO	

Solution:

When you are trying to push SalesOrder from QuickBooks to SkuVault, make sure Sku's items are attached to that SalesOrder in QuickBooks.

Otherwise SO will not create in Skuvault.
