Cc Email and Bcc Email Fields in QuickBooks online are not syncing

Requirement:

As the "Minor Version" field is not provided with an appropriate value in DBSync, the Cc Email and Bcc Email Field will fail to sync

Solution:

Need to provide the "Minor Version" in DBSync. Below mentioned are the steps for providing the Minor Version.

1. Open the process SFQB_OpportunityToInvoice.
2. Click edit next to the OpportunityToInvoice rule.
3. Update the Minor Version as 8 as shown below.
4. Save the workflow once the minor version is provided.
