Backup Your Current Profiles

Open My Computer and go to <</DBSync Install Dir>> \dbsync2\WEB-INF\conf\db and copy all the Files and folders to your Backup drive.

Uninstalling Previous Version of DBSync

- Go to Start\All Programs\DBSync Integration Suite\Uninstall
- If User Access Control window appears click on Yes.
- Select Yes on DBSyncIS Uninstall window. Once Uninstall is done click on OK.

Upgrading the Application

- Go to the Download folder and start the installation by Right Click ? Run as Administrator on the "DBSync_V2.90.exe" file.
- Click on the *Run* button once the Open File Dialog appears. The dialog is shown below:

Open File	- Security Warning					
The publisher could not be verified. Are you sure you want to run this software?						
	Name: D:\DBSync\DBSync_V2.90.exe					
	Publisher: Unknown Publisher					
	Type: Application					
From: D:\DBSync\DBSync_V2.90.exe						
	Run Cancel					
Always ask before opening this file						
This file does not have a valid digital signature that verifies its publisher. You should only run software from publishers you trust. How can I decide what software to run?						

• If the User Access Control window is displayed click on Yes button to authorize the installation.

• Click *Next* on the "Welcome to the DBSync Setup Wizard".

Accept the License Agreement By selecting the option button "I accept the agreement" and click on Next.

On Select Destination Location default is C:\DBSynclS29, If you want you can select any other folder by clicking browse and click on Ne xt.

🕬 Setup - DBSyncIS	×
Select Destination Location Where should DBSyncIS be installed?	
Setup will install DBSyncIS into the following folder.	
To continue, click Next. If you would like to select a different folder, clic	k Browse.
C:\DBSyncIS29	Browse
At least 180.1 MB of free disk space is required.	
< <u>B</u> ack <u>N</u> ext >	Cancel

• On the Start Menu Folder Screen Click on *Next* Button.

Setup - DBSyncIS	- D X
Select Start Menu Folder Where should Setup place the program's shortcuts?	
Setup will create the program's shortcuts in the following Start Me	nu folder.
To continue, click Next. If you would like to select a different folder, click Br	owse.
DBSync Integration Suite	Prowse
Don't create a Start Menu folder	
< Back Next >	Cancel

• On the Next Screen select the check-boxes for Create Desktop Icon and Create a Quick Launch icon and click on Next button.

• Click on *Install* button to go ahead with installation. After clicking next you will be presented with installation progress window. Both the windows are shown below respectively:

🗱 Setup - DBSyncIS	
Ready to Install Setup is now ready to begin installing DBSyncIS on your computer.	
Click Install to continue with the installation, or click Back if you want to review change any settings.	v or
Destination location: C:\DBSyncIS29 Start Menu folder: DBSync Integration Suite	*
Additional tasks: Additional icons: Create a desktop icon Create a Quick Launch icon	
<	*
< <u>B</u> ack Install	Cancel

• Once the installation process is done you will be presented with a window with an option to set DBSync as service. If you wish to set it as a service, check the Check box "Set DBSync as Service" and click on *Finish* button.

🕬 Setup - DBSyncIS	
	Completing the DBSyncIS Setup Wizard Setup has finished installing DBSyncIS on your computer. The application may be launched by selecting the installed icons. Click Finish to exit Setup. Set DBSync as Service
	<u> </u>

• Once done with Installation, copy all the backup files and folders to "C:\DBSynclS29\dbsync2\WEB-INF\conf\db" folder. At this point, you have successfully completed your DBSync Upgrade on your Desktop.

 If you have selected the option 'Set DBSync as Service', then DBSync would be running as a Windows Service in the background. If you have not opted to select this, then you can start DBSync from your desktop by starting Start\All Programs\DBSync Integration Suite\DBSync.

DBSync Configuration

· Go to www.dbsync.com. Click on Customer Login from top right corner of the page. Highlighted screenshot is shown below.

• Enter Your User Name and Password and click on Login.
