# Dashboard

The dashboard has the following features -

- All the backup activity is recorded in a graphical format and listed by color coded bars representing updated, newly added and removed back data.
- The date on which the records are seen is recorded on the top right corner of the activity scream in dashboard.

- Click the calendar and choose a desired date in the pop-up to see the activity date wise

- **Back up errors -** You can see the list of errors recorded while taking the backup in this section. You can also click view logs to see the logs list

- **Sync Details -** The various details of the sync including, records, objects and time take can be viewed under Sync details.

- **User Activity -** The user activity or modification to the records can be viewed in this section

User Activity (Modifications to Records)

User	Last Week	Last Month		Deleted
Rajeev Gupta	120	200	12% ↑	5
Anitha R	120	200	12% ↑	5
Sanjay MS	120	200	12% ↑	5
Vivek G	120	200	12% ↑	5
Sourabh	120	200	12% ↑	5
Raman S	120	200	12% ↑	5
Sam	120	200	12% ↑	5
Peter	120	200	12% ↑	5
